Note: Remarks are not for responding to an office action.

United States Patent No. 6,276,509 is commonly assigned with the present application. In accordance with 37 CFR 1.51, 1.56, 1.97 and 1.98, Applicants submit herewith patents and publications listed above for consideration by the Examiner in connection with examination of the present application. This Information Disclosure Statement is not intended to constitute an admission that any patent or publication referred to herein is "prior art" for this invention unless specifically designated as such. Under 37 CFR 1.97, the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists. An early and favorable action on the merits is respectfully requested.
